JOURNAL
OFFICE OF LEGISLATIVE COUNSEL

Monday - 29 July 1963

Session Briefing

1. (Internal Use Only - PJC) Spoke to Mr. Martin, Assistant Chief Counsel, House Ways and Means Committee, and was advised that a prepared statement would be helpful though not necessary. Should we decide to submit a short statement, 35 copies would be required. (25 Committee members)

The Committee will begin its work at 10:00 a.m. tomorrow and has three items on the agenda: Debt Ceiling, Social Security and CIA Retirement and Disability Act. No order has been set and none may be.

2. (Internal Use Only - PJC) Returned call of Mr. Colin F. Starn, Chief of Staff, Joint Committee on Internal Revenue Taxation, and advised him that all Title I except subsection 7 of section 2 had been dropped to expedite passage. I informed him that our remaining tax provision was identical to Sec. 831 of FSA and would generally be administered the same way, bearing in mind however the unique nature of our functions and problems.

3. (Unclassified - LRH) The Director met with the CIA Subcommittee of House Armed Services. See Memorandum for the Record.

4. (Unclassified - GLC) In the absence of William Darden, I talked with Harry Wingate and told him that Mr. Dutton, State, had made us aware of Senator Russell's desire to see Mr. McCone with respect to certain aspects of the test ban treaty. I told Wingate that the Director was leaving town at noon on Thursday and that the only possible time he might see the Chairman was Thursday morning. Later in the day, Darden called back and said the Chairman was not too anxious to talk with the Director regarding the treaty (Darden said the Chairman was going to give this matter slow and deliberate consideration), but he would like to see Mr. McCone for a regular briefing. Darden asked if there was any possibility we could do this on Wednesday afternoon at 2:30 P. M. After checking with the Director's office, I advised Darden that the Director would be able to brief the Subcommittee at 2:30 on Wednesday.
